Luster & Glossy Print Pricing • Next-Day Turnaround

• **Direct** - Images are printed exactly as received, however ALL orders are proofed by technicians.

We'll notify you if we foresee problems with your color/density.

• **Lab Corrected** - Our technicians apply density and/or color corrections to your images.

• **Volume Packaged** - 50 or more of select sized units of the same or assorted images packaged individually (will receive a batch correction).

• **Volume Non-Packaged (Bulk)** - 100 or more of select sized units of the same or assorted images packaged together (will receive a batch correction).

*For more information about Color Management, including FREE 8x10 Evaluation Prints, Print Profiles, and other helpful tips, visit www.richmondprolab.com or contact Customer Service.

Gallery Wraps • 3-Day Turnaround

• **Canvas Gallery Wraps** are printed on Breathing Color's Chromata White Canvas, free of brightening additives and other longevity-compromising chemicals. We use a 12-color, pigmented giclée printing process providing an exceptional level of color reproduction as compared to the standard 6 or 8 inks used by some labs. Each Gallery Wrap is coated with a water-based luster spray for durability (glossy or matte spray options also available).

• **Metallic Gallery Wraps** are printed on Kodak Metallic Endura photographic paper and created by hand-peeling the emulsion from the print, mounting it to canvas, and wrapping it around a wooden frame, which is then backed with black paper and hanging hardware, just like our Canvas Gallery Wraps.

Gallery Wrap Size	Canvas 1½ inch	Canvas 2¼ inch	Metallic 1½ inch	Metallic 2¼ inch

Fine Art Giclée Prints • 2-Day Turnaround

Fine Art Giclée Prints are created using a 12-color, pigmented giclée printing process.

• **Watercolor Prints** can be mounted on any substrate offered in our Mounting & Texturing Services section.

• **Unstretched Canvas Prints** are coated with a water-based luster spray for durability (glossy or matte spray options also available). Canvas Prints can also be brush textured and/or mounted on Smooth Masonite board.

Print Size	Unstretched Canvas or Watercolor Print Price
8x10	7.50
8x12	9.00
11x14	12.00
12x18	17.00
16x20	25.00
20x24	37.50
20x30	47.00
24x30	56.25
30x40	93.75

More sizes are available in ROES and ExpressDigital Darkroom.

Machine Texturing • 2-Day Turnaround

• **Wide Weave Canvas Pebble, Irish Linen, Linen Weave, and Paintbrush** textures add dimension to your mounted and unmounted prints up to 16x20. Also helps protect your prints from being scanned and reproduced without authorization.

Print Size	Price
4x5 up to 11x14	0.25 per print
11x17 up to 16x20	0.50 per print

Hand Brush Texturing • 3-Day Turnaround

• **Hand Brush Texturing** - Brush strokes applied by hand. For mounted prints only. Please allow 3 business days for Brush Texturing.

Price	8.00	11.00	13.00	17.00	23.00	55.00

Mounting Services • 2-Day Turnaround

Mounting is only available for prints produced by Richmond Professional Lab.

- **Matboard** - a standard, archival "rag mat" board also available in a Heavyweight option (twice as thick and more resistant to warping). Available in black or white.
- **Foamboard** - a $\frac{3}{16}$ inch foam layer bonded between two layers of buffered, acid-free surface paper. Available in black or white.
- **Gatorfoam®** - heavy duty, extruded foam board bonded between two layers of Luxcell® wood-fiber veneer. Available in black or white.
- **Canvas Board** - a heavy-duty board with turned-edge construction, displaying real canvas edges after the prints are mounted. Only available for sizes listed.
- **Masonite (Canvas or Smooth)** - a tempered, wood-like, resilient hardboard panel with a smooth or simulated canvas texture.
- **Styrene** - a durable, plastic-like, high-impact substrate not susceptible to humidity-induced warping. Available in either Standard (white or black - 0.08 inch) or Ultra (black only - 0.19 inch).

Digitally Painted Photographs • 2-Day Turnaround

Artistic, painterly effects applied to your images to create artistic masterpieces.

- **Oil Brush** - Very textured appearance, strokes accentuated. Colors tend to separate in each stroke, but blend together when viewed from a distance, creating a painterly illusion.
- **Pastel Brush** - Smoother texture, details tend to blend into each other, but will be brought out in important areas.

Oil Brush or Pastel Brush Option
29.00 per image

Production Schedule & Turnaround Times

In addition to offering next day turnaround times on digital print orders, we also offer email notifications regarding the shipping status of your order. If opted-in to receive Shipping Notification emails, you will receive an email at the end of the business day detailing order numbers, shipping addresses, costs, and tracking information when your orders are shipped. This information is also available to clients when logged into our site.

Production Schedule - Customers can submit orders 7-days a week, 24-hours a day. The production schedule at Richmond Pro Lab is Sunday through Thursday, with turnaround times applying to orders received before 11pm EST, except for Lab Corrected print orders. To provide adequate time for technicians to correct an order, Lab Corrected orders must be received by 7pm EST. For orders received between 11pm EST Thursday through 11pm EST Sunday, please refer to the chart below.

Requirements - Orders must be submitted using ExpressDigital Darkroom, ROES, or Photolynx.

Rush Services - A fee may apply to expedite an order. If other arrangements are necessary for your order(s), contact Customer Service.

Multiple Order Types - Turnaround times are not cumulative. For multiple types of products or services within one order, your order will still be complete and ready to ship by the longest turnaround time that applies. (Ex: an order received on Monday before 11pm, consisting of Direct digital prints and an acrylic statue will be complete and will ship out on Wednesday, or two business days.)

Holidays & Closings - The lab will periodically close in observance of holidays and/or for maintenance purposes, affecting turnaround times. Notice will be provided in advance to customers via email or on richmondprolab.com.

Lab-Intensive Seasons - During certain times of the year when order quantities are substantially high, the turnaround times may be adjusted to ensure that each order receives the attention to detail and quality we require. At those times, notice will be provided in advance to our customers via email or by phone.

Pro Courier Service - Standard turnaround times apply for customers who receive their orders from a Richmond Pro Courier. **Please allow one additional business day for delivery.** If an order is needed sooner, Customer Service must be contacted during business hours.
